

FEATURE: Wi-Fi connection for Tool Updating

BENEFIT: Computer-less Updates of your TPMS Tools - Stay current!

FIRST AVAILABLE: Software update 53 [June 2015]

WHAT TOOLS: Tech500, Tech 400PRO

WHAT'S NEEDED: Simply update your tool

The Bartec 500 and 400PRO is equipped with Wi-Fi connection for easy Tool Updating. Release R53.0 enables this function and allows the operator to connect to their Wi-Fi Network to access the Bartec Tools Server for future updates.

Tool will connect to the Bartec server and verify the tool is registered and in support, and notify the operator of its current status.
